

Template of the battery bracket. It will not be solid but angle iron

Mounting B
Hole in Fire wall

Mounting A
Hole in Fire wall

Battery must miss these pipes

Mounting C
Front stud

Mounting B
Hole in Fire wall

Mounting C
Front stud

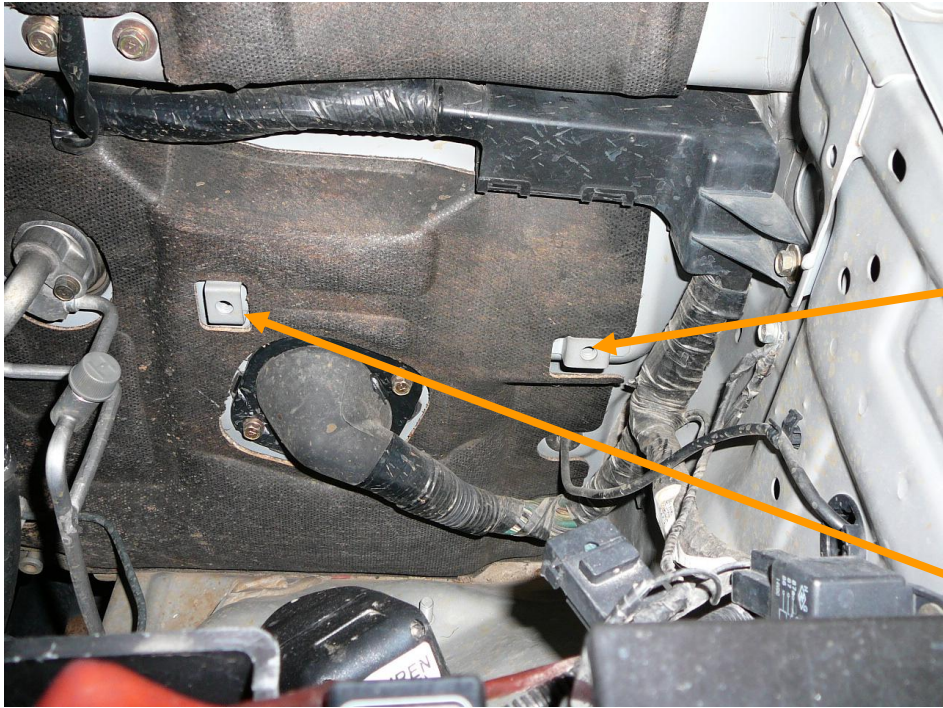

Mounting A
Hole in Fire wall

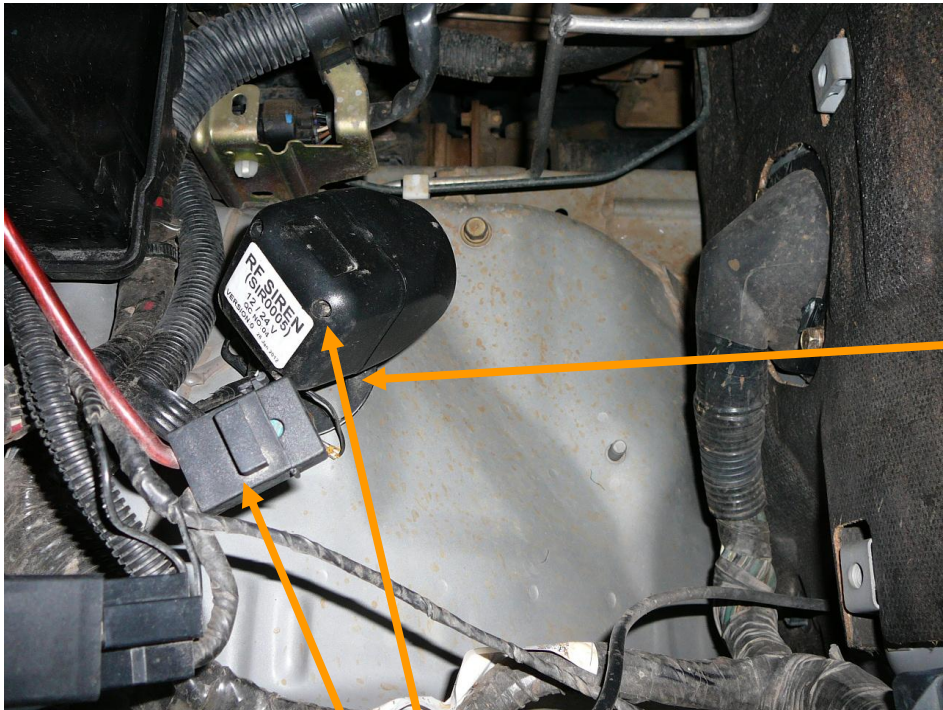

Problem with this larger box is it is mounted higher and then you don't have much clearance to the bonnet

160mm max

Mounting B
Hole in Fire wall

Mounting A
Hole in Fire wall

Mounting C
Front stud

I have moved the relay and the siren
out of the way
